WELCOME to the NEW www.StateBasedSystems.com

Course Lookup allows licensees to search for specific course offerings or schedules. Users can find and filter through providers in the course search result set.

- 1 Click LOOKUP from statebasedsystems.com home page.
- 2 Select desired jurisdiction and "Course" as Search Type.
- 3 Enter desired criteria.

If you are interested in seeing all providers with course offerings in a particular jurisdiction, leave all fields blank.

HOW DO I...

FIND AN EDUCATION PROVIDER?

Use the search criteria on the side of the screen to narrow your results without having to return to the Course Search page.

Click on the Provider Name header to sort the result set by Provider Name.

An arrow pointing up indicates results are sorted by that column in descending order.

Click again to see an arrow pointing down, indicating that results are sorted by that column in ascending order.

Use the Filter tool to search the result set for certain text.

For example, if you'd like to find a particular provider, simply type the provider's name to display rows only containing that text.
