

SBS FOR INDUSTRY • TRAINING GUIDE

➔ HOW DO I: GENERATE A REPORT OF LICENSEES?

Report Generator allows you to request a list of data for a specific jurisdiction using a variety of search criteria. Some of the data included in the report includes: license number, license type, license status, CE compliance, full business address, email address and line of authority.

1 Navigate to the Report Generator tool from the SBS website home page

There are two ways to navigate to the Report Generator tool:

- **Step 1 / Step 2:** In the top right, select the jurisdiction for your report under 'Step 1.' From the options that appear under 'Step 2,' select 'Generate a Report.'
- **State Services Launch Page:** In the bottom right hand corner of the screen, select a jurisdiction from the 'State Services' dropdown. Select 'Report Generator' on the State Launch Page.

➔ NEED HELP? CONTACT THE SBS HELP DESK • SBSHELP@NAIC.ORG • 816-783-8990

2 Select criteria for your report

Use a robust selection of criteria to narrow the results of your report. Click 'Next' when finished. Use the support links to the left to retrieve an existing report and to learn more about Report Generator before running your report.
